GYPSED is committed to creating warm and caring school environments where all celebrations are welcomed. The dates on this calendar are not a comprehensive list and may not encompass all recognized events. Dates are subject to change. Please visit gypsd.ca for the most up-to-date calendar. Where any discrepancy of dates may exist between this publication and divisional calendars approved by the Board of Trustees, the Board approved divisional calendars will take precedent.

Honouring Orange Shirt Day and National Day for Truth and Reconciliation

On **September 30**, Canadians observe **Orange Shirt Day** and the **National Day for Truth and Reconciliation**. This is a vital opportunity for us all to reflect, learn, and commit to reconciliation. Our schools are committed to teaching about this history, helping students understand Indigenous cultures and the path to reconciliation.

Orange Shirt Day originated from Phyllis Webstad's story; her new orange shirt was taken on her first day at a residential school. This simple shirt became a powerful symbol of the cultural loss and trauma Indigenous children faced, reminding us that **"Every Child Matters."**

The **National Day for Truth and Reconciliation**, a federal holiday, honours the children who never returned home from residential schools and the Survivors, families, and communities still impacted. **All GYPSD schools are closed** so that students, staff and our families can participate in the various events hosted in your community.

SEPTEMBER
2025

On September 30, we honour Orange Shirt Day and the National Day for Truth and Reconciliation—a time to reflect, learn, and stand together in recognizing that every child matters and the journey toward reconciliation belongs to us all.

Don't Forget: School Board Elections Matter!

As part of the municipal elections held every four years in Alberta (this year on **October 20, 2025**), we also elect School Board Trustees who oversee the operations of our schools.

They are responsible for:

- **Setting the vision and goals** for the school division.
- **Approving the budget** to ensure division funds are allocated responsibly.
- **Developing policies** that affect students, staff, and school operations.
- **Advocating for student needs** and representing community values to the province.

These are not just small decisions; they directly impact the quality of your child's education, the learning environment, and the resources available. Trustees act as a bridge between the community and the school system.

By voting in school board elections, you have a direct say in who makes these important decisions. It's an opportunity to choose leaders who you believe will best support our students, teachers, and schools.

Stay informed about the candidates and make your voice heard!

K-9 Assessment and Reporting in GYPSD Schools

All GYPSD schools from kindergarten to Grade 9 use **outcome-based reporting** to show student progress. Instead of just a single percentage, it focuses on what your child knows, understands, and can do for each specific learning goal of the Alberta curriculum.

This method provides **clearer feedback**, showing exactly where your child is strong and what they need to work on. It emphasizes their **growth** over time, rather than just comparing them to others.

Outcome-based reporting is delivered through digital report cards viewed online in the PowerSchool Parent Portal. In addition to receiving report cards, families can access their child's progress or challenges in real time.

Learn more by visiting gypsd.ca where you can view online videos about the digital report card and outcome-based reporting.

The Spirit of Giving, Gratitude, and Celebration in December

December in schools is a special time, perfect for focusing on **giving, gratitude, and celebration**. These values are incredibly important, extending beyond just holidays to teach valuable life lessons.

Giving—whether it's through food drives, toy collections, or simply helping a classmate—teaches empathy and community spirit. It shows students the positive impact they can have on others, especially those in need.

Gratitude encourages students to appreciate their learning environment, their teachers, and the support they receive from families and the community. Taking time to acknowledge these blessings fosters a positive mindset and builds character.

Finally, **celebration** marks achievements, recognizes effort, and strengthens school spirit. December events, concerts, or classroom parties provide joyful moments for students to connect, create lasting memories, and enjoy being part of their school community.

December in our schools is a time to nurture empathy, appreciation, and joy —through giving, gratitude, and celebration, students learn the true spirit of community and connection.

Wrapping up the First Semester

For all Grade 12 students, **Diploma Exams** are a key part of your final year, especially if you're planning for post-secondary education. These exams, set by Alberta Education, have a significant impact on your final course marks (currently **30% of your final grade** for each diploma course) and help ensure a province-wide standard of achievement.

Why are they important?

- They certify your achievement level in core Grade 12 subjects.
- Results are used by universities and colleges across Canada for admissions.
- They ensure consistency in academic standards across all Alberta schools.

Preparing for them is crucial:

- **Start early!** Don't wait until the last minute.
- **Review your course material:** Go through notes, textbooks, and assignments.
- **Practice with old exams:** Alberta Education provides past diploma exams online. This helps you understand the format and types of questions.
- **Seek support:** We are here to help! Talk to your teachers, use school resources, or consider study groups or prep courses.

Have Your Say: Alberta Education Assurance Survey

Every year, Alberta Education conducts the **Alberta Education Assurance (AEA) Survey**. This important survey gathers feedback directly from parents (for students in Grades 4, 7, and 10), students themselves, and teachers across the province like a report card for our schools and the entire school division to to:

- **Understand what's working well:**
Celebrate successes and identify effective programs.
- **Pinpoint areas for improvement:**
See where changes or more support are needed.
- **Make informed decisions:**
Your input directly guides planning for future educational programs, resources, and priorities.
- **Ensure accountability:** It helps the school division show how they are meeting provincial standards and serving our communities.

When you receive your unique access code for the AEA Survey, please take a few minutes to complete it. Your anonymous responses are crucial for ensuring high-quality education for all students. It's your chance to have a direct voice in your child's school!

Calling all Future Kindergartners! Registration is Open!

For parents with little ones ready to start their learning adventure, it's time to think about **Kindergarten registration for the 2026-27 school year!**

Kindergarten is a fantastic first step in your child's education, offering play-based learning that helps them grow academically, socially, and emotionally.

Who can register? Your child is eligible for Kindergarten if they will **be five years old on or before December 31, 2026.**

When to register? Registration for the 2026-27 school year is **already open** and we encourage you to register early as it greatly assists schools plan for staffing and resources.

How to register: Visit the website for your preferred school for specific registration links and detailed instructions including open house dates.

Don't miss this important step to secure your child's spot for a great start to school!

Cutting Edge Technology in GYPSD Schools

Our schools are embracing advanced technology to create dynamic learning experiences. Beyond basic computers, classrooms are increasingly integrating truly innovative resources.

Our division has an extensive **Digital Lending Library** for students to use technology in creative ways to enhance their learning with the objectives set in Alberta's Program of Studies. Students are engaging with **robotics and coding kits**, learning computational thinking and problem-solving through hands-on creation. **Virtual and Augmented Reality (VR/AR)** is emerging, offering immersive field trips to distant lands or explorations of the human body that were once impossible. Teachers use **online platforms** (like Google Classroom) to post assignments, share resources (videos, articles), facilitate discussions, and provide feedback.

Digital Citizenship and safety is also a top priority at GYPSD. Schools teach vital online safety, responsible social media use, cyberbullying awareness, and understanding one's digital footprint. In today's digital world, protecting our school division's data and systems from online threats is more critical than ever. Our staff have mandatory **Cybersecurity Awareness** training to ensure we maintain a secure and safe learning and working environment

Empowering Mental Health Awareness: BEST and Wellness Navigators

May is **Mental Health Awareness Month**, but GYPSD prioritizes student mental health and well-being all year long. This support comes through programs like **BEST (Bringing Empowered Students Together)** and services from the Division's **Inclusion Team**, which includes:

- Wellness navigators
- Behaviour support specialist
- Occupational therapist
- Speech-language pathologist
- Family school liaison counselors
- Division psychologist
- Behaviour therapy aides

This dedicated team works together to provide a comprehensive support system for students.

Focusing on mental health promotion and prevention, staff work within schools and the community to:

- Build resilience
- Increase mental health knowledge
- Help students develop coping skills

Their proactive approach equips students to manage stress, anxiety, and other challenges. The team also hosts community and parent awareness evenings on topics such as adult transitioning and autism resources.

Our Commitment to Diversity, Respect, and Inclusivity

June is a particularly significant month for celebrating the diverse fabric of our school communities. It marks both **National Indigenous History Month**, culminating in **National Indigenous Peoples Day on June 21**, and **Pride Month**. These observances highlight our ongoing commitment to fostering environments where every student and staff member feels safe, respected, and truly belongs.

National Indigenous History Month and Day offer crucial opportunities to learn about and honour the rich cultures, histories, and contributions of First Nations, Inuit, and Métis peoples. This includes understanding the ongoing journey of Truth and Reconciliation, a core value in our schools.

Pride Month recognizes the LGBTQ2S+ community, affirming the importance of embracing diverse sexual orientations and gender identities. It's a time to celebrate individuality, promote acceptance, and ensure our schools are welcoming, caring, and safe spaces for all by:

- Valuing every student's unique background and experiences.
- Teaching respect for all people, regardless of their differences.
- Promoting understanding through curriculum and school activities.

JUNE
2026

In June—and all year long—GYPSD proudly celebrates Indigenous Peoples and the LGBTQ2S+ community, championing diversity, respect, and belonging in every school.

The Power of Reading for Developing Solid Literacy Skills

Reading is fundamental to developing strong literacy skills, which are essential for success in school and life. When children read, especially from a young age, they gain crucial abilities that go far beyond just recognizing words.

Reading significantly **expands vocabulary** by exposing children to new words and how they're used. It builds **phonological awareness** – understanding the sounds in language – which is vital for decoding words and improving spelling. Regular reading also enhances **comprehension**, allowing students to understand, interpret, and analyze what they read.

Beyond direct reading skills, it boosts **critical thinking**, imagination, and the ability to focus. Starting to read at an early age has huge benefits for children's learning. Kids who read just **20 minutes a day** are exposed to about **2 million more words annually** than those who read less. This drastically improves their **vocabulary** and overall **language skills**.

Studies show that children regularly read to by age three have stronger vocabularies. Critically, **90% of children with reading difficulties will achieve grade level** if they get help in Grade 1, but this drops significantly if help is delayed as per a widely cited consensus among reading experts and researchers such as Torgesen, Mathes, and the National Institute of Child Health and Human Development (NICHD).

JULY
2026

Reading just 20 minutes a day unlocks stronger vocabulary, comprehension, and critical thinking—setting kids up for lifelong learning success and giving them a powerful head start.

Get Ready for Back to School!

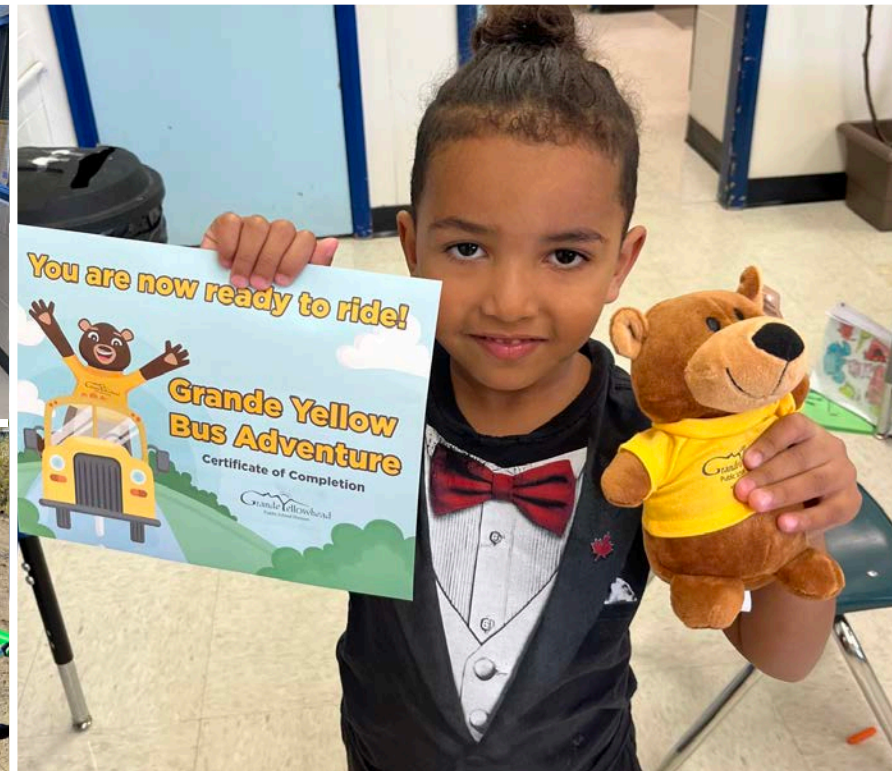

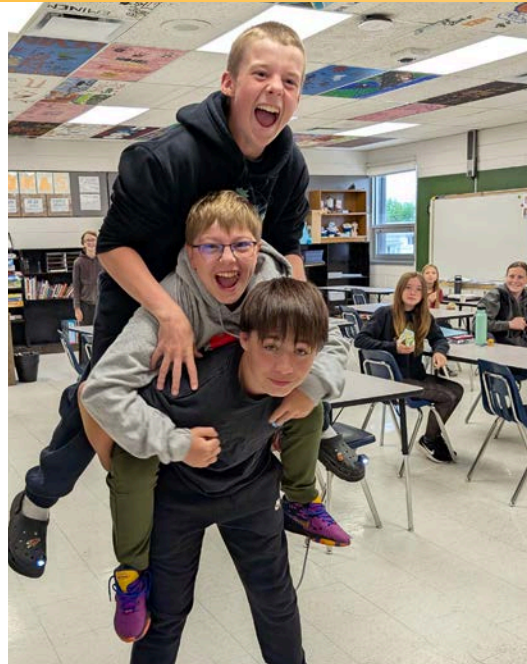

With July winding down and August on the horizon, it's time for parents to start thinking about **back-to-school preparations for September!** A little planning now can make the transition much smoother for everyone.

Here's a quick reminder of key things to tackle:

- **Routines are Key:** Start gradually adjusting sleep schedules and morning routines to school-day timings.
- **School Supplies & Clothes:** Check school supply lists, take inventory of what you already have, and buy remaining items early to avoid the last-minute rush. Go through clothes and shoes to see what still fits.
- **Health Checks:** Book any necessary doctor, dentist, or eye appointments, and ensure immunizations are up-to-date.
- **School Info:** Look for communications from your school regarding class lists, welcome back events, and important dates.

Getting organized early helps reduce stress and ensures a positive start to the new school year for your child.

See you in September!
